

The Faces of Traffic Engineering

Urban Systems, Inc. was featured in *New Orleans Magazine* as the "Face of Traffic Engineering" in their May 2021 issue. What an honor! Check out our team's highlight in the magazine and read about other 2021's Faces of New Orleans [here](#).

Full-Time Engineers, Part-Time Volunteers

A NOTE FROM THE:

We had a blast volunteering to work the Jefferson Chamber Golf Classic. Check out some of the pictures below from the event!

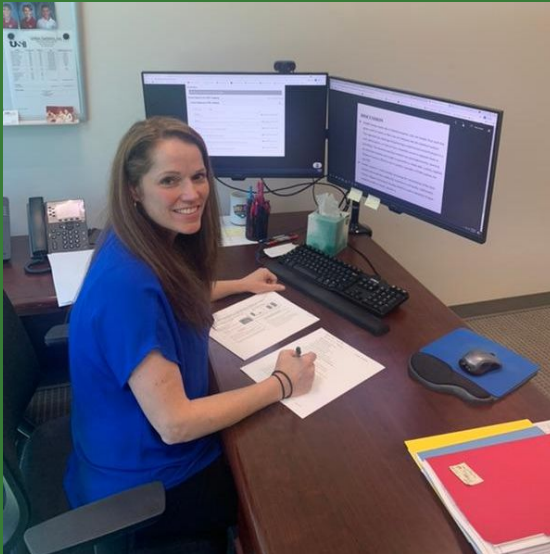

[Alben and Stuart driving the drink cart around to serve the golfers]

[Alben serving a beverage to their first golfer as Stuart supervises]

[Stuart, Alben, and Nicole working hard at the Bloody Mary bar]

[Christine Darrah performing her judge duties for the Regeneron International Science and Engineering Fair]

Regeneron International Science and Engineering Fair 2021

Mrs. Christine Darrah, P.E. was selected to be a judge of the Regeneron International Science and Engineering Fair (ISEF) this past May, 2021. Each year more than 1,800 ninth through twelfth graders earn the right to compete at Regeneron ISEF by winning a top prize at a Society-affiliated local, regional, state or national science fair. Her role involved interviewing and judging the contestants. Regeneron ISEF finalists compete for nearly \$5 million in awards, prizes and scholarships. It is an honor to be selected as a judge, and we are proud of Christine for donating her time to help promote STEM! If you'd like more information on Regeneron ISEF, click the link below.

Hogs for the Cause 2021

Matthew Morgan, one of our E.I.s, was a judge at the 2021 Hogs for the Cause festival. This acclaimed festival is an annual celebration of the year-round fundraising for children fighting brain cancer. It also happens to be one of the largest barbecue and music festivals in the country, with over

30,000 fans gathering, dancing to 20 bands and eating their way across 90 competing barbecue teams. Over the past decade, the festival has become a flagship of the organization, allowing them to raise millions of dollars and shine a light on their cause. To learn more about it, visit their website by clicking the link below.
