## Happy National Small Business Week !

April 28th-May 4th

"Small businesses are the engine of our economy and the heart and soul of our communities. They employ nearly half of all private sector workers and contribute to every industry.

During National Small Business Week, we celebrate the grit and strength of every entrepreneur who has chased a dream and put in the hard work each day to see their business and our Nation thrive."

- JOSEPH R. BIDEN JR.

## Summer Driving Tips

**Before you back out of a driveway** or parking spot, prevent back overs by walking around your vehicle to check for children running and playing. **When using a backup camera**, remember to also look over your shoulders. Kids, pets and objects may be out of view but still in the path of your vehicle. When children play, they are often oblivious to cars and trucks around them and believe that motorists will watch out for

them. Furthermore, **every vehicle has a blind zone**. As the size and height of a vehicle increase, so does the "blind zone" area. Large vehicles, trucks, SUVs, RVs, and vans are more likely than cars to be involved in back overs.

## School's Almost Out Stay Vigilant

### Congrats Mya!

Mya is completing her final semester at The University of New Orleans with a B.S. in Marketing. She has worked part-time at Urban Systems since last October. Mya's time at USI as a Marketing Intern has taught her "professional communication skills, how to maximize brand visibility through various media platforms, how to generate quality content, understanding how to align content with company goals and how to accept professional criticism within the workplace."

Congratulations Mya on your graduation, thank you for your contributions and best wishes on your future endeavors. We know you will go on to do great things!

If you haven't yet, register for the 2024 WTS International Annual Conference! Urban Systems will be assisting with the Technical Tours on **Tuesday May 7th and Wednesday, May 8th**. You don't wanna miss it!
